TAP INTO CONTACTLESS

Tap into the potential of contactless with Gemini 2000, a specialist manufacturer based in the United Kingdom. For over 25 years, we've helped businesses large and small offer seamless contactless acceptance in their vending machines, electric vehicle chargers, ticket kiosks, barriers, and more.

Payment terminal hardware

We understand that one size doesn't fit all; that's why we can advise you on selecting individual hardware and software modules. This ensures the delivery of a customized solution suited to your project. You can choose between:

- All-in-one or modular hardware
- Flush or surface mount reader
- With or without touch buttons
- LAN or 4G connectivity
- MDB or proprietary protocol
- Custom fixings available

Secure, low-cost transaction processing

Adopt the speed of contactless with card taps processed almost instantly through our acquiring partner Elavon. Accumulated funds are quickly transferred from the acquiring bank to your bank account within 1 to 3 days.

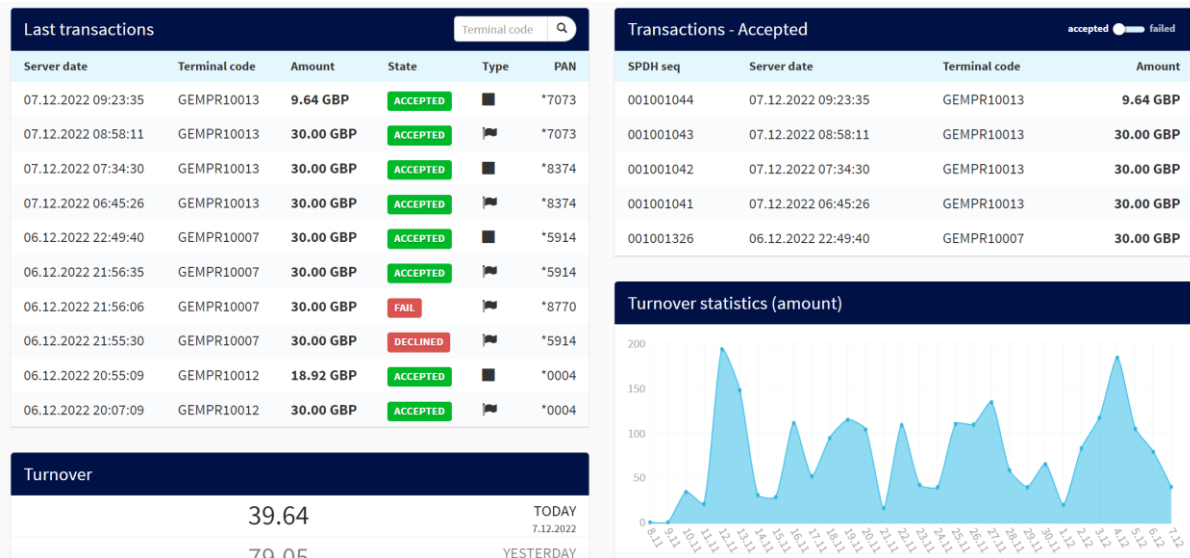

All merchants have 24/7 access to Switchio, a comprehensive online reporting platform where sales reports and detailed information for each transaction are available at a click of a button.
